Israel is the perfect place to combine nature and culture. Hike among biblical landscapes scattered with charming historical sites, housing magnificent ancient mosaics, reached by easy trails among oaks and pistachio forests.

Blossoming paths will take us to hospitable Druze's villages, unforgettable panoramas from Mount Tabor and Mount Meron, or in the footsteps of Jesus around Nazareth and from the Mount of Beatitudes to Capernaum.

We Journey through history in Gamla where famous battles against the Roman Empire were fought - accompanied by the writings Josephus Flavius.

Visits of wineries and olive presses, Crusader castles, Cabbalistic villages ... the North of Israel has so much to offer...
